FIND QUALITY COLLEGE LODGING IN THE HEART OF BUDAPEST

Students! Now that you've got your place at college, you're going to need a decent place to call home – and where better than your own private apartment with a roof terrace, gym, study lounge, launderette and a party room all in the same building? Only opened a few months ago, alongside Semmelweis University, a large supermarket and a metro station, MILESTONE is the new Budapest branch of a successful chain of student housing across Austria. With accommodation including loft lodgings and deluxe apartments, MILESTONE is all ready for you to move in – you even have your own microwave, fridge and kitchenette.

In a sleek building not two minutes from Klinikák metro station, close to the city centre and by the main road to Budapest Airport, **MILESTONE** is in its own quiet little communal square with a café and two restaurants alongside, and the renowned Trafó arts centre on the same street.

Party with your fellow students

Apartments here have floor-to-ceiling windows with full views and plenty of natural light. Overlooking the courtyard or the venerable Department of Anatomy of Semmelweis University, established in 1769, each has a desk with an anglepoise lamp and a comfortable chair. **Deluxe** apartments even have their own balconies. High-speed internet is available throughout all lodging units.

Comfortable private apartments

Comfortable beds (duvets and pillows provided) also incorporate handy storage space for your suitcase, and there's plenty of shelving. Your valuables can be safely locked away. You can also cook for yourself by using the ceramic glass hob or microwave, or head downstairs to the communal lounge, where there's a fully equipped kitchen.

Each apartment has its **own bathroom**, with a shower, toilet and large mirror. No need to traipse down the hallway for your morning wash or to wait for any facilities to be freed up.

Great fitness facilities

Your pass not only allows you entry to your apartment and the main door, but to an extensive, **well-equipped gym** next to a games area, the **party room** with surround sound and the 250-square-metre **roof terrace** with a wraparound view of the Budapest skyline. Loungers and a separate kitchen provide full comfort and convenience as you take in the panorama.

Stunning rooftop terrace

All **418 apartments** are for individual use, with 24hr security in the lobby. Monthly fees cover all facilities, with **no hidden charges**.

Games for all

MILESTONE

District IX, Tűzoltó utca 50-56
